PROFILE

Digital Project Manager and junior Product Owner, I turn business needs into concrete digital products and solutions. My background combines planning, KPI tracking, team coordination, and web development. I've delivered MVPs and full solutions, structured funded projects, and designed web and AI decision-making tools.

KEY SKILLS

Project & product management

Framework, Planning, Backlog, User stories, User Flows, KPI, Scrum/Kanban, Agile rituals, Risk management, Budget tracking, Stakeholders

Tech & data

React, JavaScript, PHP, MySQL, API REST, Git, GitHub
Notion, Trello

AI & automation

Claude, Gemini, MCP, Prompt engineering, Process automation

PROFESSIONAL EXPERIENCE

Project Manager

Nov. 2024 - May 2025

Education and Environment NGO - Cotonou, Benin

- **Strategic Management:** Design of a large-scale international project "Community Resilience to Climate and Ocean Challenges in Benin", involving institutional stakeholders and local authorities.
- **Project Engineering:** Full structuring of the technical and financial dossier leading to the acquisition of funding from the Pulitzer Center.
- **Multi-stakeholder Management:** Coordination of information flows between field experts, funding organizations, and communication teams.
- **Reporting:** Implementation of an impact indicator tracking system and writing of strategic progress reports.

Project Monitoring and Development Lead

Dec. 2023 - Nov. 2024

LBASSUR - Cotonou, Benin

- **IT Governance:** Implementation and management of KPI dashboards to ensure transparency of operational and economic performance.
- **Process Optimization:** Audit of internal workflows and implementation of new management tools (Gantt, Notion) reducing bottlenecks by 20%.
- **Cross-functional Management:** Coordination between departments to align business needs (insurance/finance) with company development objectives.
- **Risk Management:** Proactive identification of schedule deviations and implementation of remediation plans (corrective actions).

Intern - General Treasury

May 2023 - Aug 2023

Ministry of Foreign Affairs - Cotonou, Benin

- **Financial Analysis:** Active contribution to the production of the treasury management report (2022 fiscal year).
- **Administrative Management:** Organization and digitization of document flows to optimize access to budget information.
- **Research:** Conducted a critical analysis of the reliability of financial data, which served as the basis for my bachelor's thesis.

KEY PROJECTS

2026

ORBIT PRO - Lead Developer & Product Owner

AI-assisted project management SaaS.

- Designed a dashboard combining budget, deadlines, and progress, linked to an interactive Kanban.
- Integrated Gemini API, ApexCharts, and PDF/Excel exports.
- Technologies: JavaScript, Bootstrap, Gemini API, ApexCharts, SheetJS.

MVP link : <https://orbit-pro-five.vercel.app>

SCHOOLPAY - Product Manager & Lead Developer

Platform for digitizing school registrations and payments.

- Functional web app delivered in 2 weeks: React, PHP REST API, MySQL, and Mobile Money payment flows.
- Administration, PDF receipts, exports, and access control.
