PROFILE

Digital Project Manager experienced in digital project management and IS transformation, I combine a solid foundation in Project Planning & Management with technical expertise in Web Development. My strength lies in my ability to translate complex business needs into actionable technical specifications. A hybrid profile, I master the entire product lifecycle, from strategic vision to technical deployment, including the management of agile teams.

KEY SKILLS

- **Project Management & Strategy:** Project scoping, drafting of functional and technical specifications (PRD), planning (Gantt/Milestones), risk management, budget monitoring, and KPI steering.
- **Product Ownership & Agile:** Scrum/Kanban methodologies, Backlog management and prioritization, User Stories writing, User Flow design, and facilitating agile rituals.
- **Technical Expertise & Design:** Front-End Development (JavaScript ES6+, HTML5/CSS3, Bootstrap 5), WordPress integration, UI/UX Design, data architecture (LocalStorage, API).
- **Tools & Data:** Notion, Google/Microsoft Suite, GitHub, Excel, Microsoft Visio, EmailJS.

PROFESSIONAL EXPERIENCE

Project Manager

Nov. 2024 - May. 2025

NGO Education and Environnement - Cotonou, Bénin

- **Strategic Steering:** Designed an international project "Community Resilience to Climate and Oceanic Challenges in Benin," involving institutional stakeholders and local authorities.
- **Project Engineering:** Managed the complete technical and financial structuring, resulting in funding from the Pulitzer Center.
- **Stakeholder Management:** Coordinated information flows between field experts, donors, and communication teams.
- **Reporting:** Implemented impact indicator tracking systems and drafted strategic progress reports.

Project Monitoring & Development Lead

Dec. 2023 - Nov. 2024

LBASSUR Courtagé - Cotonou, Bénin

- **IT Governance:** Implemented and led KPI dashboards to ensure transparency in operational and economic performance.
- **Process Optimization:** Audited internal workflows and implemented new management tools (Gantt, Notion), reducing bottlenecks by 20%.
- **Cross-functional Management:** Coordinated departments to align business needs (insurance/finance) with company development goals.
- **Risk Management:** Proactively identified schedule drifts and implemented remediation plans.

- **Financial Analysis:** Contributed to the production of the treasury management account (FY 2022).
- **Administrative Management:** Organized and digitized documentary flows to optimize access to budgetary information.
- **Research:** Conducted a critical analysis of financial data reliability, serving as the basis for my Bachelor's thesis.

KEY ACHIEVEMENTS (HACKATHONS & TECH PROJECTS)

Lead Front-end Developer & Product Manager
"Seguro Hotel" Project

May 2026

- **Scoping & Planning:** Complete drafting of functional and technical specifications and development of the operational schedule to guarantee the delivery of the MVP within a record timeframe of 12 days.
- **Front-End Architecture:** Design and development of an MVP architecture using pure JavaScript (ES6+), HTML5/CSS3, and Bootstrap 5, ensuring a premium and 100% responsive interface.
- **Business Logic & Data:** Implementation of a dynamic booking engine with data persistence management via LocalStorage, allowing for real-time synchronization with the Admin Dashboard.
- **Interconnection & APIs:** Automation of notification flows (instant confirmations for both clients and the hotel) through the integration of EmailJS and Formspree services.

Product Owner
"Klirô" Project

April 2026

- **Product Vision:** Defined "Premium Tech" positioning and monetization strategy (subscriptions and mobile payments MoMo/Moov with incentives).
- **Team Management:** Led 15+ designers across 3 hubs. Final arbiter on brand identity.
- **UX Optimization:** Designed a seamless booking flow ensuring conversion in less than 2 minutes.
- **Deliverable:** Complete 30-page Design System and high-fidelity prototype validated by an expert jury.

EDUCATION

- **Professional Web Development Training**
EIG BENIN
 - **Bachelor's Degree in Project Planning and Management**
National School of Applied Economics and Management (ENEAM)
